

# Bandex Palm Free

Flawless, effective release  
of baked goods

*Aromatic*

## Effortless release

**Bandex PF** is a vegetable oil based release agent formulated entirely with raw materials other than palm oil.

**Bandex PF** has excellent release properties and leaves no carbon deposits on baked goods and surfaces.

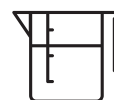

## Applications

Suitable for steel oven bands as well as baking trays, forms and tins.

### Free from

The lecithin used in **Bandex PF** is free from allergens and GMO.

### Low dosage

Economical in use thanks to a unique composition, meaning it can be applied in small amounts.

**Article Number: 1136**
